

AVIATOR

HANGING FABRIC STRUCTURES

Using Your Setup Instructions

The Overhead Sign Setup Instructions are created specifically for your configuration. They include an exploded view of the frame which is sequentially numbered. We encourage you to study the instructions before attempting to assemble your exhibit.

Connections are kept very simple: no tools. Everything assembles with push-button connectors and pre-connected horizontal sections.

Cleaning and Packing Your Display

- 1) Use care when cleaning aluminum extrusion or acrylic inserts. Use only non-abrasive cleaners.
- 2) Retain all packing material. It will make re-packing much easier and will reduce the likelihood of shipping damage.

Connections are made by holding the button down and sliding the red tube into opposing tube until the connection is made. To disassemble push button and pull or twist extrusions apart.

10' x 42" Round

Setup Instructions

- 1) Connect all bungied pieces together in numerical order.
- 2) Connect lower section and upper section together using (8) Vertical Supports.

HANGING FABRIC STRUCTURES

Fabric Graphic Installation for Aviator Structures

IMPORTANT!

Assemble frame per Aviator Overhead setup instructions before installing graphic

Hanging Structures come in many shapes and sizes requiring some adjustment to these instructions

figure 1.

1. With CLEAN HANDS, unfold your fabric graphic on a clean surface. Place the graphic along the interior space of the frame (fig.1).

figure 2.

2. If there are eyebolts on the frame, align them with the eyebolt holes in the graphic (fig.2). Some graphics have spaces between the zippers for the eyebolt hardware.

figure 3.

3. Grasping the paired sides of a zipper firmly, bring the front and back of the unzipped graphic up and over the structure (fig.3).

figure 4.

Stretch the fabric so the zipper meets together (fig.4).

figure 5.

4. Start the zipper and zip a 10" to 15" section. Work the graphic neatly around the structure (fig.5).

figure 6.

5. Repeat Steps 3 and 4 for the remaining sections, adjusting the fabric as necessary (fig.6).

6. Keep Your Graphic Clean!
When repacking the graphic, remember to WASH YOUR HANDS before folding the graphic and placing it in the plastic bag.
